He said, "this ain't me, but I gotta eat  
And feed my kid, y'know this place ain't cheap  
Well you can saint or damn me but I don't care  
Don't condemn me, don't commend me now..."  
Another round, his guts spill out  
Turns out his ships run aground and my head just  
swims around

"...so pour another, it's 3 AM, oh god this is insane  
It's killing me, it's killing me  
I know, I know I walked away but it's you I'll always  
blame  
And it's killing me  
If my liver swells up out on the floor  
I'll nail it to your door..."

Don't be cheap, I've been discreet  
And all these victories have been bittersweet  
We both made our beds you just piss the sheets  
Don't condemn me, don't condemn me now  
"...I took my bow, I know that know, I just can't  
Remember how we let these grapes turn so sour..."

So pour another, it's 4 AM, oh god this is insane  
It's killing me, it's killing me  
You're the one that ran away and attached yourself to  
chains  
And it's killing me  
If your heart swells up and spills out on the floor  
I'd let it go

Surprise, surprise I'm here a three beer  
Buzz has got the best of you again  
You torn out what's left of my faith in  
You I guess I'm too old to pretend

You're burning out  
I kind of get the feeling that you're still the same,  
You're burning out you haven't changed  
I kind of get the feeling that you're still the same,  
Head in the ground, you haven't changed
