I'll wait for the answers someone else has given you.
I'll wait for days.
I failed my heart for way too long.
I've fallen apart, but that's over now.
Those who disrespected me tread upon broken glass
and they will not last.
I gave everything I had just to be here.
Their words don't mean shit and life's not fair.
So wait for days all alone with the false idea of truth.
Pray for the empty walls you built 'round your hope.
This is my last request to you before it's too late.
Cherish the time you've been given to look forward.
Go ahead lie to my face, but just for today.
I remember everything.
I failed my heart for way too long.
I've fallen apart, but that's all over now.
It's time to set this straight.
We won't turn back now.
You turned your back on me.
Call out for friends you don't have.
We won't turn back now.
You turned your back on me.
