I never wanna forget
I never wanna forget
How she looked so good, she looked so fine
Yea, she was a bombshell
And she looked so good
And she looked so fine like you wouldn't believe
They're all the same, I used to agree
But this one, but this one, yeah
They're all the same, I used to agree
There's something about the way she's moving close to
me
She's moving close to me
There's something about the way she's undressing
herself
She's undressing herself now
High heels, short skirt
Lookin like a model in front of me
I've seen a girl or two in my time and you're all the
same
But this one, there's something about the way she's
moving close to me
There's something about the way she's undressing
herself
She's undressing herself now
