Time is of logical evolution
Always a reason for the solution
A need or desire
Cause for creation
In 20 years it's 40 years
And so on and so on

If we keep stretching without resistance
It will break
It will break
Everything wants to be broken

Forgotten skull of man buried ancient lands
Beyond all languages flowing as one
Hyper-dimensional
End of history
In unknowing years there's no more years
There's nothing there's no one

If we keep stretching without resistance
It will break
It will break
Everything wants to be broken

Memory Scans Played On A Screen
