And now it's gone

Right below your light forever shining seen  
Rise in the ocean breeze  
Now it's the only light you see  
But you never followed down

Wait for the light in the ocean breeze  
It writes alone to follow in your yesteryears  
Into knee-deep cool and dark the waters creep  
And wash this away  
All your time as well  
But you never came around  
You never came around

I wish things were the same  
Walking backwards blindfolded  
Against the wind against the grain  
I wish you were still the same  
Walking back to find yourself  
But the lights is gone and none remain

Rise in the ocean breeze  
You never came to me  
Wrap your lonely soul in your yesterday  
Turn to find the sight  
A light you'll never see  
And what a lonely life that you'll lead  
Since you never came around

Pitch black dive  
The falsest pretense  
Dampened existence  
Favors no one  
So why can't you let go and dive

Into my being  
Into my soul  
Into my everything  
Why can't you dive?  
Dive,  
Dive into?

Spin around  
In a circular argument  
Sway back and forth there  
Can't you let go?

Why can't you let go and dive?  
Into my whole  
Into my heart  
Into my breathing life?  
Why can't you dive?  
Dive  
Dive into  
My breathing life

Dive  
Why can't you dive?  
Dive into my breathing life
