When I leave
I've wanna wait for the silence
You gave me all you've got
And now I stand here waving to you

But still you smile
You're still looking back
Maybe I just wasn't kind enough
I'm fighting urges to fall again
Yet I stumble, Yet I stumble

These roses died, three days since
Black roses died, we said goodbye
These roses died, three days since
I'm sorry, I miss you

How do I remain complete?
When all we bled is lost
We could've burned the earth and sky

A second chance, the seconds spent
Each other's shadow, should have known
I'm fighting urges to fall again
Yet I stumble, Yet I stumble

These roses died, three days since
Black roses died, we said goodbye
These roses died, three days since
I'm sorry, I miss you

These roses died, three days since
Black roses died, we said goodbye
These roses died, three days since
I'm sorry, I miss you
I miss you, I miss you, I miss you

Hear this, I'm yours
I'm at your feet
Hear this, I'm yours
(Inside this heart you still remain)
I'm at your feet

(But faded letters are erased)

Hear this, I'm yours
(Inside this heart you still remain)
I'm at your feet
(But faded letters are erased)

These roses died, three days since
Black roses died, we said goodbye
These roses died, three days since
I'm sorry, I miss you

These roses died, three days since
Black roses died, we said goodbye
These roses died, three days since
I'm sorry, I miss you

These roses died, three days since
These roses died, three days since
