"A Promise"

Now you are my beloved ghost
And here I'll wait for you to sing
Then, we will have eternity
A promise to keep haunting me

This wine (this wine)
From my veins (from my veins)
These gifts (these gifts)
We'll take

The sky is ours to keep tonight
Together in this silent sleep
We are the mist that fills the air
Lie still, just be with me

This wine (this wine)
From my veins (from my veins)
These gifts (these gifts)
We'll take (we'll take)

And I'll be
The kiss
The gun
We'll be draining their blood again

Embrace the rest of me
We'll be racing through the night
Again, embrace the rest of me
Then we'll feast on them, celebrating

I'm not alone
I can feel your eyes on me
I'm not alone
Your soul for all the world to see

Denied another day
Life took you away
I'll love you just the same

'Cause you are my beloved ghost
And here I'll wait for you to sing (Wait for you to sing)

Then we will have eternity
A promise to keep haunting me

The sky is ours to keep tonight
Together in this silent sleep
We are the mist that fills the air
Lie still, just be with me

I'm not alone
I can feel your eyes on me
I'm not alone
Your soul for all the world to see, to see
