"Cold"

Visit "[Cold](#)" on MotoLyrics.com

I try to fight the endless night
Take you through the purple haze
Across my heart we'll see
Cause you are pure to me

Cold
So cold

No one could find the reason why
You took away my life

You walk on far away from here
Now you are someone else so close
While I shiver all alone
And die a death so slow

Cold
So cold

No one could find the reason why
You took away my life
No one could find the reason why
You took away my life

Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this?
Why?

Shiver all alone
Die a death so slow
Shiver all alone
Die a death so slow

Cold
So cold

No one could find the reason why
You took away my life

Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this way?
Why do I feel this?
Why?
