Cruel

How could you be so cru-cru-cru-cruel?

You know I wouldn't do it to you

You treat me like a foo-foo-fool

Ohh, lay down my heart at your feet

Gave the world but you passed it by

I was in love, I would jump

And you didn't have to say how high, baby

See, it's iggin' me, baby

(It's iggin' me, baby)

I know you got a man, that know to kiss your lips

Someone to hold your hand

And I don't understand

It's iggin' me, baby

(It's iggin' me, baby)

That you could be so cruel

(Cruel, cruel)

I thought that it was cool

(Thought that it was cool)

Actin' like a like fool

(Actin' like a fool)

I'm supposed to understand, ohh, ohh, baby

Blind

How could you be so bla-bla-blind

You treat me so unkind, unkind

You gonna reap what you're sowin'

Way that this is flowin'

I'll give you the best things in life

In return, you just told me lies

I told you the secrets of love

Now I find myself asking why

It's iggin' me, baby

(It's iggin' me, baby)

I gotta close my eyes

'Cause I can't stand to see you with another man

You know it's iggin' me, baby

See, it's iggin' me, I can't front
(It's iggin' me, baby)
I know you got man, I gotta smuggle
To block you out my mind
You treat me so unkind in the things you do, ohh

Play it for me, play it for me, El
Hear me, baby, baby, baby
Ooh, ooh, baby
Baby, baby, baby, baby

Check, it's iggin' me, baby
(It's iggin' me, baby)
To, to know you got a man
Someone to kiss your lips, hug you on your hips
And I don't understand, ohh, whoa

It's iggin' me, baby
(It's iggin' me, baby)
I know you got a man, you got a boo
Someone to hold you tight, make love to at night
I can't comprehend, ohh, whoa, ohh, whoa

Iggin' me, baby, iggin' me, baby
I-i-iggin', i-i-iggin', i-i-iggin', iggin'
Ohh, iggin' me, baby, baby, baby, baby, oh
Hey, ooh, ohh, no

Iggin' me, baby
(It's iggin' me, baby)
I know you got a man
I know where he live
You better not fuck around
'Cause I can knock 'em off, baby

It's iggin' me, baby
(It's iggin' me, baby)
To know you got a man, baby
A man to kiss your lips, hug you on your hips
And spread your legs, baby

Does he do it like I do? When I do what I do, baby, when
I do it to you
And does he put love on your mind
When he leaves you behind for the day and night,
baby?
Does he take 500 years of slavery out on it like I do?
Baby, baby, baby
Does he make you scream in the night, baby? In the

day? Baby
Wake up in the morning time
