My January days, they feel so dark and old
My January days, all about to come true

Hey mother, I will sing
Hey mother, I will sing

Stay, when nothing's meant for you
These ordinary days, but we don't have to go
I know there are these things
That are lying in wait
I've seen them before, I was dreaming awake
A photo of a vampire, don't let it go
Hey mother, I will sing
Hey mother, I will sing

This time, I'm escaping in a different way
The glass could never hold me
(I can't wait, no I won't wait)

Stay, still nothing's made for you
These ordinary days, tomorrow's another show
I know all the secrets that are lying in wait
I've seen them before, you were dreaming awake
Pictures of a sunset, will never do
This time, I'm escaping in a different way
The glass could never hold me
(I can't wait, no I won't wait)

This time, I'm escaping in a different way
The glass could never keep me (can never keep me)

Hey mother, I will sing
Hey mother, I will sing

This time, I'm escaping in a different way
The glass could never hold me
(I can't wait, no I won't wait)

This time, I'm escaping in a different way
The glass could never keep me
The glass could never keep me
