Tired of my mind  
Can't control my sickness  
Tied up my life  
Can't control my sickness

A sickness inside of me  
You're everything that you wanna be  
You stand right you left me there  
Broken up, cleaned blood everywhere  
These are the thoughts that make up my life  
You can say I'm dead but not quite  
Your remains all I wanna see  
Don't make a mistake and deny me

Tired of my mind  
Can't deny my sickness  
Tied up my life  
Can't deny my sickness  
(All this pain, gone insane)

Snake follows everywhere you go  
The trail of blood leads to your door  
So sick, so fed up with your face  
So sorry had to end this way  
Some things stole away my mind  
The disease you left inside  
Don't expect you to get this  
Can't deny my sickness

Tired of my mind  
Can't deny my sickness  
Tied up my life  
Can't deny my sickness  
(All this pain, gone insane)

What I see, what I heard  
What I see, what I heard  
What I see, what I heard  
What I see, what I heard  
What I see, what I heard  
What I see, what I heard
