Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee

Got a one room apartment to a little, tiny space  
Isn't much, but keeps the rain drops off my pretty  
baby's face  
I'm just gettin' by and the money's spent  
Don't even know how I'm gonna pay the monthly rent  
But I know exactly what I wanna do  
I wanna make this work with you, yeah

I know you're wondering what I mean, baby  
Nothin' in life is guaranteed  
I never know just where I'm goin', lady  
I need direction in my life

Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee

While I was out window gazin', I put your coat on lay  
away  
You know I wanna buy you diamonds soon as they  
increase my pay  
Startin' from down it's hard to kept your head  
Makin' love every night on a squeaky bed  
That's right, that the way it is, there's no guarantees,  
yeah, baby

I know you're wondering what I mean, baby  
Nothin' in life is guaranteed  
I never know just where I'm goin', lady  
I need direction in my life

Then anything you wanna do, baby  
You know I'll be down for you, lady  
So let's just keep it strong  
Let's keep it strong, let's keep it strong, oh

Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee

Keep it strong, we gotta keep pushin' on  
Keep it strong, we gotta keep pushin' on and on

I know you're wondering what I mean, baby  
Nothin' in life is guaranteed  
I never know just where I'm goin', lady  
I need direction in my life

Then anything you wanna do, baby  
You know I'll be down for you, lady  
So let's just keep it strong  
Let's keep it strong, let's keep it strong, oh

Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee

Oh, baby, baby, baby, I know you're wondering what I  
mean, baby  
Just get it out of that [Incomprehensible]  
I never know just where I'm goin'  
I need direction, baby

Then anything you wanna do, baby  
You know I'll be down for you, lady, baby  
I'll be down, baby

Nah, nah, nah, no guarantee  
Nah, nah, nah, no guarantee
