I Wanna Know

Verse 1

I wanna know you cause I know that you know me
I wanna hear you cause I know you can hear me here.
I wanna see you cause I know you can see me
I wanna Know you and I try so hard

Chorus

I wanna know I wanna see I wanna live for You
I wanna know I wanna see I wanna follow You

Verse 2

I wanna follow cause I know you can lead me
I wanna love you cause I know that you love me too
I wanna live for you cause you would die for me
I wanna know you and I try so hard

Bridge

Give me the peace of mind that doesn't come from
here
Give me the strength I find from no one else no where
else
