Now as I stroll at an ease pace the sun is beatin' on my face
From place to place I wanna get a new taste
Of that new world that good life because you see in my society
Reality equals casualty

I'm just dippin' no need for ego trippin'
Clippin' through my tapes 'cause my boom is steady hittin'
Reminisclin' 'bout the days when it used to be safe to cruise
But now days if you don't bite you lose

And I'm a man who don't deserve this static
It's gonna get tragic if we gotta go at it
Yo, I'm just dippin' in my ride havin' a great old time
Rollin' down the street bustin' rhymes

I'm buggin' out on the girlies on the corner
And you know they never treat ODM like a foreigner
Steady feelin' the vibe and everything is alright
When I'm dippin' my ride

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Well it's late livin' life like [Incomprehensible]
Rollin' down the street lay back loungein' in my seat
As I stroll time keeps skippin'
Life seems hard 'cause the dub got me trippin'

On my way livin' it like any day
That's the way it's got to be when it comes to being me
Pop the new hit dippin' through the neighborhood

Coolin' with the homies everything is lookin' good

Pocket full of Benjamins sittin' like that, fat
Macks so believe that
Gas up and I'm out, pump my brakes
Y'all know what I'm talking about

Think I get my serve on feel that vibe
Bumpin' out the hoo-ride
As I hit the switches
Front and back, side to side dip into my ride

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Now I'm rollin' down the strip cruisin' bout 25
I glance to the left there go my homey up at Hayra
Hey what's up, homey
Well whats the haps for the night
Well, there's a party goin' on
And we'll be sure to rock the mic

Women [Incomprehensible] be sure to bring your
[Incomprehensible]
'Cause most of these girls got
Whoa yo forget that I'm just chillin'
Sit back and shoot the breeze
Now here comes my partner sittin' fat up some D's

Well as I stroll I steady see the O glidin' on my right
Pull up as we stop at a red light
Check to see everything's right
'Cause we ain't getting sweated by them fools in the
black and white

So I roll straight to the spot bust that left
O, hits it next
Steady feelin' the vibe and everything is alright
As we re dippin' in our ride

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you

Dip into my ride, dip into my ride
Dip into my ride and let me take you to the other side
Dip into my ride
Dip into my ride and let me take you
