Visit "[Alone](#)" on MotoLyrics.com

The perfect day,
Didn't know what I wanted,
You looked away,
And I knew.

When you were here,
My pain was gone,
I hadn't realized,
That I was wrong.

You couldn't know,
The extent that I cared,
But suddenly,
You weren't there.

You left me alone,
And you didn't care,
I'll find a way,
And try not to despair.

The images,
Run through my mind.
The emptiness,
And a knife in my side.

The images,
Run through my mind.
The emptiness,
And a knife in my side.

And a knife in my side.
