Lighthouse Family - Once in a Blue Moon.

Wish we could choose our own landscape.

Wish me and you could just go anywhere we wanted.

Once in a blue moon we'd stay out late

& watch the sun come up at 5.30 in the morning.

Oh Yeah, Once in a blue moon.

CHORUS:

Day will surely come one day I'll be with you.

Day will surely come we'll make it all come true.

Day will surely come.

I ain't seen you in a month of Sundays.

I never knew exactly what it was I wanted.

Once in a Blue Moon you keep a promise

when it's you I don't mind such a long wait.

Oh No not when it's you.

CHORUS.

Day will surely come X3.

CHORUS.

Play out.
