Baby I like to like to li-like to like you
But I don't know, don't know, don't know-know what to
Do
To try and get through - get through to you

I see a look, a look, a loo-look in your eyes
One that I don't, I don't, I do-don't recognize
Now you're acting strange - how the weather's changed
Now the world don't look so good, it's not so well-
Arranged

Chorus:

What's happening to the girl I used to know
'Cause it wasn't long ago that I caught her hot and
Taught her how to sing
What's happening to the good thing that we had
And say it's going bad - hey girl, what's happening?

Baby I like to like to li-like to like you
But I don't know, don't know, don't know-know what to
Do
Like we were before, couldn't ask for more
Now I've got no peace of mind, I'm not so self-assured

Chorus:

What's happening to the girl I used to know
'Cause it wasn't long ago that I caught her hot and
Taught her how to sing
What's happening to the good thing that we had
And say it's going bad - hey girl, what's happening?
(RPT chorus)

It's a good thing that we had
Hey girl, what's happening?
