I seen you drivin' 'round  
In your brand new automobile  
I see you drivin' 'round  
Babe, in your brand new automobile  
You're lookin' happy baby with your handsome  
Your handsome driver at the wheel

Well, come on, get me  
Baby, let's go and have some fun  
I just wanna see  
Baby, well that new car run  
Everything will be alright  
Long about the break of dawn  
In your brand new automo

Come on, get me  
Baby, let's go and have some fun  
I just wanna see  
Oh, baby, well that new car run  
Everything will be alright, be alright  
Long about the break of dawn

I seen you drivin' 'round  
Babe, in your brand new automobile  
I seen you drivin' 'round  
Man, in your brand new automobile  
You're lookin' happy with your handsome driver  
Than in your automobile
