I'm gonna find me another home, I'm gonna find it way
out in the woods
I'm gonna find me another home, find it way out in the
woods
So I can let all them no good women know, whoa, I
don't mean them no good

Yes everybody tells me-
in my neighborhood-
You mess with a woman she don't mean you no good-
I'm gonna find me a home, way out in the woods
So I can let all these old no-good women know, I don't
mean them no good

She used to be a good woman but she didn't do what
she should
And that's the reason I'm gonna find me a home out in
the woods
I don't mean them no good
Still I want you to know
I did the best I could.
