Got not education, I'm just a fool in your town
No education, I'm just another fool in town
Yes first day I went to school, yes that sucker burn it
down
I can't read, can't even write my name
I can't read, can't even write my name
Yes but that ain't none o' your fault, Po' Lightnin' is to
blame
Mama done all she could, yes she did boy, yes to send
this black man to school
Yes she done all she could, send this black boy to
school
Yeah the first day I went there do you know, boy I broke
my teacher's rule
Yes... I broke it
Ain't it a shame, ain't it a shame, way things happened
to me
Ain't it a shame, way things happened to me
I went to school only one day and I didn't, learn my
ABC's
Bad luck happened to me!
