You know I once was a gambler, boy, but I lost my
money
Soon
Yes, I once was a gambler, boy, but I lost my money
soon
Yes, I lost all of my money some other, some other
Gambler can have my room

You know I lost all my money, in a no good gambling
game
Yes, I lost all my money, boys, in a no good gambling
Game
I was on my bad luck, kept gambling just the same

When you lose that old no good money, you sit around
with
Your head hung down
When you lose that old no good money, you sit around
with
Your head hung down
Yeah, wake up next morning happy, I'm the best
gambler in
This town
