"Black Thrash Desecration"

Blasphemic perverted thoughts praising the unholy
Worshipped plague on earth replacing forever heaven
Loud devastating symphonies as a tribute to death
Scorn, hate and intolerance... leading the blasts of
sound

Black thrash desecration - spread shit on the cross
Black thrash desecration - rape the holy whore
And burn the book of lies

Neverending cult, we'll forever spread hell on earth
Neither pity nor mercy, we shall exterminate the weak
Christians, muslims, jews reduced to dust
Their lambs and other species shall feed our hungry
ovens

Black thrash desecration - spread shit on the cross
Black thrash desecration - rape the holy whore
And burn the book of lies
