Insipid and trifling
It's the mistress of spiritual masturbation
At the edge of rupture - Mother of all wounds
Incessant absurdity - Stagnation turning to involution -
Even hoping for congratulations

Planet ZOG - Burning from within
Planet ZOG - Reduced to ashes

Planet ZOG - Just a dim memory
Kampf, Krieg und Sieg Sieg Sieg !!!

This carnal industry was a mathematical failure

Mental victory through distorted misery
Silent torture and cerebral laceration
