"Theory 0"

Spectres fathering listless wimps
Holding the rusty keys of future
Withdrawn into their faith
Sullied is their honour

Individuals feeding the smug mongrel kind
I shall not share this pride
Contemptible decline
Exuding death from every pore

Theory 0 is now effective, banner of non-future, organ
of the implacable truth...
May they remain blind

Compassion : undone
Tolerance : undone
Love : undone
Hope : dead

Where their end starts, my will rises
Despising the proud bastard race
Comatose patient of an impalpable decay
