This winter feeling
It's sucking me in
Some days I can't tell red from blue
All I do
Is think of you

I'm like a soldier
When the war is over
Sad December
All the nights I still remember
We were watching while the snow came down
Fell in silence
And lit a spark inside us
But the rain fills up my shoes and what can I do?

Everything changes
Places and faces
As nature trades in old for new
All I do
Is think of you
So when the storm breaks
Will it wash away my mistakes?
I stumbled
All my old beliefs have crumbled
Loved ones lost or gone
But you're always there
I wish I could hold you
Put your candle on my shoulder
While your rain fills up my shoes
And what can I do?

It's always on my mind
It's got to be how it has to be
I think I've had enough of love
I know it's had enough of me

Cathedral bells drowned
In crimson sun downs
That December I was running from November
Coz the rainy days just brought me down
My life was cancelled
To the feelings disentangled

But the rain filled up my shoes
And what could I do?
All I do
Is think of you
All I do
Is think of you
All I do
Is think of you
All I do
Is think of you
