The world is full of fools  
Who never get it right  
You don't know what to do  
So you do anything you like

Put your foot down and drive  
(Oh, you're a silly thing)  
Put your foot down and drive  
(You're such a pretty thing)  
Put your foot down and drive

You never gonna to be like all those fools  
You're going out tonight  
There's nothing to lose  
You're gonna give it all a try

Don't you ever change  
(Change)  
Don't ever change  
(Never change)

No never change  
(Never change)  
Never change  
(Don't ever change)

You better say your prayers  
A whisper to the wise  
And thank your lucky stars  
For coming out tonight

Put your foot down and drive  
(Oh, you're a silly thing)  
Put your foot down and drive

Don't you ever change  
(Change)  
Don't ever change  
(Never change)

No never change  
(Never change)

Never change  
(Don't ever change)

When tearful eyes are open wide  
They're still too blind to see  
A change in style for a little while  
Is only make believe

Put your foot down and drive  
(Oh, you're a silly thing)  
Put your foot down and drive  
(You're such a pretty thing)  
Put your foot down and drive

You're never satisfied  
So look for something new  
There's nothing to find  
And nothing you can do

Don't you ever change  
(Change)  
Don't ever change  
(Never change)

No never change  
(Never change)  
Never change  
(Don't ever change)

Oh, you finally got me started  
Oh, you finally got me started  
Oh, you finally got me started
