Hold tight, all night  
And don't let go  
My head's light, my hands are tied  
I won't let go

Tonight, crystal lights  
Surround me  
Like stars that pour in a waterfall  
As love comes down

I found rainbows where you go, I go  
I'm stuck on you, yes, I'm stuck like glue  
From kisses to blows  
In our eyes it shows

Pleasure meets paradise  
And it won't let go  
It's so nice, butterflies  
Don't let go

Tonight, no thunder clouds  
In my skies  
In silver chains  
The summer rain comes pouring down

I found rainbows where you go, I go  
I'm stuck on you, yes, I'm stuck like glue  
From kisses to blows  
In our eyes it shows

Here it comes, here it comes again  
I remember now and then  
It's like a long-lost friend  
Here it comes again

It's alright, I know I'm right  
Don't let go  
Hold your breath and don't forget  
Don't let go

I found rainbows where you go, I go  
I'm stuck on you, yes, I'm stuck like glue

From kisses to blows  
In our eyes it shows

From kisses to blows  
In our eyes it shows
