The world is full of fools
Who never get it right
They don't know what to do
Just do anything you like

(Put your foot down and drive)
Oh, you're a silly thing
(Put your foot down and drive)
You're such a pretty thing
(Put your foot down and drive)

You're never gonna be like all those fools
You're going out tonight
There's nothing to lose
You're gonna give it all a try

Don't ever change
Don't ever change
No never change
Never change

You better say your prayers
A whisper to the wise
And thank your lucky stars
For coming out tonight

(Put your foot down and drive)
Oh you're a silly thing
(Put your foot down and drive)

Don't ever change
Don't ever change
No never change
Never change

When tearful eyes are open wide
They're still too blind to see
A change in style for a little while
Is only make believe

(Put your foot down and drive)
Oh you're a silly thing

(Put your foot down and drive)
You're such a pretty thing
(Put your foot down and drive)

Oh you fool you got me started
Oh you fool you got me started
Don't you ever change
