Gone but not forgotten
Never mind how we spend our time
The hours were never lost on you
A mystery is what you are to me

Hold me tight for a million years
Your blood's in mine, it's like a holy wine
Lost inside those big brown eyes
Your lips touch mine and your eyes go blind

Skin touch skin
My ups come down to the love explosion
A mission of sin
My ups come down to the love explosion

A smile of all the moments
That made me hold my breath, made me tell myself
The hours were never lost on you
A mystery is what you are to me

Hold me tight for a million years
Your blood's in mine, it's like a holy wine
Lost inside those big brown eyes
Your lips touch mine and your eyes go blind

Skin touch skin
My ups come down to the love explosion
A mission of sin
My ups come down to the love explosion

I'm running on to the love explosion

Skin touch skin
My ups come down to the love explosion
A mission of sin
My ups come down to the love explosion
