"Heavy Rope"

Strange hands taking my wrist again
Somehow I'm still alone
Voices shaking my steps again
And I follow

I'm a little bit on the edge
Hold up and out of reach
I can't hear much of what you say
Come for me

Don't let me tumble away
Into the throes of the shadowy plane
I cling to the rock
And it's crumbling off
Toss me a heavy rope
It's a slippery slope

Come bail me out of this God forsaken precipice
Come bail me out of this God forsaken precipice

Turned up in this old place again
Can't seem to get away
Take me back to my element
I'm afraid

Don't let me tumble away
Into the throes of the shadowy plane
I cling to the rock
And it's crumbling off
Toss me a heavy rope
It's a slippery slope

Come bail me out of this God forsaken precipice
Come bail me out of this God forsaken precipice

I'm not a lost cause
I'm just stuck in this spot
And I'm close to falling off
So toss me a heavy rope
It's a slippery slope

Come bail me out of this God forsaken precipice

Come bail me out of this God forsaken precipice

Don't let me tumble away
Into the throes of the shadowy plane
I cling to the rock
And it's crumbling off
Toss me a heavy rope
It's a slippery slope

Come bail me out of this God forsaken precipice
Come bail me out of this God forsaken precipice
Come bail me out of this God forsaken precipice
Come bail me out of this God forsaken precipice
