Where the fence is low, and the water is rising  
And the fire comes down, and the fills the skies in  
One foot on the ledge, one feeling for safety  
Somewhere between sure, and I don't know, maybe...

I'm off of my rope here  
I'm off on my rope here  
I find my hope here  
i find my own here  
I'm off of my rope here  
Where the fence is low

Each shadow I walk, to the ends of the forest  
In the shape of the hands, that break the ground for us  
The fear that contains, that binds like a blessing  
I've been here before, then again I'm guessing...

I'm off of my rope here  
I'm off on my rope here  
I find my hope here  
i find my own here  
I'm off of my rope here  
Where the fence is low  
Low, low, low, low  
Oh, oh, oh, oh

I'm off of my rope here  
I'm off on my rope here  
I find my hope here  
i find my own here  
I'm off of my rope here  
Where the fence is low
