Nothing sounds the same  
And I was sure this would never change

And the places we knew and the songs we clung to  
Made us everything we are

And we never felt that shame

I gave my all and watched this grow (so slow, so slow)  
And is there something left to show (where did this go)

You're not mine but I reached in my soul  
And gave you all I know

Arms up, hands tied, to the bottom of the sea  
Where we know there's lost company  
There's some real left to be saved (real left to be saved)

And we never felt the same

I gave my all and watched this grow (so slow, so slow)  
And is there something left to show (where did this go)

You're not mine, but I showed you inside  
And let you see why I  
Have nothing to lose, but that look in your eye  
And I kept you wondering why

When you look at this place now  
Have you ever wondered how (wondered how)  
The only place I could ever call home,  
Turned to insincerity and hearts of stone (hearts of gold and stone)

Can you feel it coming now?  
I'm just so sick of the waiting and wondering how  
(How the hell did we come to this)

Where did we all go  
Where did we all go wrong  
Where did we all go wrong

No, don't stop. hold on. hold on  
For one more day  
We were 15 dreaming  
The dream I'm living  
So hold on for me

No don't stop don't stop. hold on  
For one more day  
No don't stop. hold on. hold on  
For one more day
