Hey baby girl you'll have your day to shine  
Your prince will come with time  
Don't you worry now girl  
Don't show those teary eyes  
When you're supposed to find your happy ending  
With all those tears flooding out of your eyes  
You're too busy crying to look for the right guy  
You gave up all before you gave love a try  
And now you say you're miserable  
Just end it die alone  
Love is a game that we all play  
You're not gonna win if you don't partake  
No one can make it for you  
We'll help you on your way  
Don't be afraid of falling down  
Just get back up when you hit the ground  
And when you find your man  
You'll know he was worth the wait  
Hey lady love this is a crucial time  
To let your colors shine  
Do you get me?  
Your boy could be inside this room  
It's time to find your groom  
Don't let him get away  
You're ready to steal his heart  
With the bat of your eyes he'll be yours  
And he'll sweep you above the floor  
And love you forever more  
Love is a game that we all play  
You're not gonna win if you don't partake  
No one can make it for you  
We'll help you on your way  
Don't be afraid of falling down  
Just get back up when you hit the ground  
And when you find your man  
You'll know he was worth the wait  
Every chance that you waste is another mistake  
And it's a shame that it's gone  
But you'll never have to escape while you're acting this  
way  
Don't complain that you lost it  
Don't complain that you lost it now

Love is a game that we all play  
You're not gonna win if you don't partake  
No one can make it for you  
Love is a game that we all play  
You're not gonna win if you don't partake  
No one can make it for you  
We'll help you on your way  
Don't be afraid of falling down  
Just get back up when you hit the ground  
And when you find your man  
You'll know he was worth the wait
