Not so sweet dreams
I never was one to love
Please don't wake me
In this life, I've had enough
Oh, oh

If you love me
If you want me don't ignore me
'Cause I don't want to wake up alone
Oh, oh, oh

Sleeping fiction
Fragmented love letter
Contemplatin' if you meant
All the words you whispered

If you love me
If you want me don't ignore me
'Cause I don't want to wake up alone
Oh, oh, oh

Dream of my sweet
And just close your eyes
And think of me
[Incomprehensible]
All that I ask of you
Oh, oh, oh

If you love me
If you want me don't ignore me
'Cause I don't want to wake up alone

If you love me
If you want me don't ignore me
'Cause I don't want to wake up alone
Oh, oh, oh
