Close the doors to all your rooms
Lock the dead in eleven tombs
Simple kisses from the high
Clementine, I won't ask why

In a box, all my fears
Hailed a cab, wiped my tears
Fairy tale, subtle hint
That lead me towards a happy life
Ah, ah, ahh

Tell me, beauty
Is this all we've worked for?
You deserved more
Then you say you love me
Say you love me
I will oblige

I've listened, I've tried my best
Convinced you're sad is [Incomprehensible]
Or maybe so now I know
The real depth lying in my heart, heart

Never understood
All the scripts that wore into my love
Until now

In the middle of the dark
Shiverin' from the stark
People keep starin'
And nothing here is hounded

Looks like I'll give in
And at my wits end
I'll stop pretending
That everything is wrong
When nothing here is wrong

[Incomprehensible] if you stay with me
I'll look after you
Keep you in my chest and there
No harm gets you

Choose your kingdom
I will stay awake with you
A thousand doubts shot
To the back of my mind for you

Keep you in my chest and there
No harm gets you
Choose your kingdom
I will stay awake with you

A thousand doubts
In the back of my mind for you
