Keep the lights on
Outside my window, comfort's trying to sneak in,
In my dream i'm knee deep in corn,
Dreaming of falling asleep next to you. (you)

Sunshine and holes in my plan to settle down and
marry,
We're all still young...
But don't you want somebody to hold?

Headaches and sweats
(Feels like I'm falling out my skin)
We do it to ourselves,
I promise not again
I hear it summon
A swing and miss

In your head,
Did you work out the route to conquer all of your fears?
Then whats left?
When the water is dry and your hands won't grip
anymore.

Headaches and sweats
(Feels like I'm falling out my skin)
We do it to ourselves,
I promise not again
I hear it summon
A swing and miss

In your head,
Did you work out the route to conquer all of your fears?
Then whats left?
When the water is dry and your hands won't grip
anymore.

The more I hear, then the more I hate.
Strike down,
All the fences guarding the one thing that you had left.

The more I hear, then the more I hate. (x14)
