#### You Are The Way

##### Verse 1

Keep away these doubts of mine,  
they try to hijack all my time,  
casting shadows on the obvious unseen,  
turning facts to fables, but time will turn the tables.  
So all I want is you all I want is you

##### Chorus

you bring the light you give the hope  
you bring the peace and you are the shelter  
You are the way the truth the life

##### Verse 2

I've got all eggs in one basket  
for a new life beyond this casket  
all roads lead to nowhere with out you  
I've got nothing to loose and everything to gain  
So all I want is you all I want is you

##### Bridge

When it all come crashing down  
When confusions all around  
when there's nothing I can do it's still ok
