Know the dragons being chased again
(Chased again)
And youve never got an ear to lend
(An ear to lend)
Will you find the time?
A little bit of your space
The feelings there
But your minds in the wrong place
24 04 they cry, their feelings are strong
(24 04 their feelings are so strong)
24 04 they cry and everythings oh so wrong
Look back, step back
Do you remember it's me?
Its a question of your pride and your dignity
Some other people
Its what you might expect
But tell me is it a night that you regret?
24 04 they cry, their feelings are strong
(24 04 their feelings are so strong)
24 04 they cry and everythings oh so wrong
24 04 they cry, their feelings are strong
(24 04 everythings oh so wrong)
24 04 they cry and everythings oh so wrong
Yes they want you back
Change is willing and a suffer recess
Support compelling reinforcing progress
Old solution
I am here if you need me
Direction seen if you look more clearly
You can stop losing
You can resist
The thing of your holding
Youre strong up to this
Change is willing and a suffer recess
Support compelling reinforcing progress
