Head down pretending
Like youve never seen them
An old street called Withdraw and you walk on
Everythings a pound
Everythings too loud
When I try and speak to you Im speaking Klingon
Who do you talk to?
I wish you were see-through
Wheres the Vods Theory?
Wheres the Cotton Weary?
I look back, you're wonderful
Youre wonderful
Hold on
Life jacket
Water wings
(Life jacket)
If I promise not to listen would you talk to me please?
Hold on
Life jacket
Water wings
(Life jacket)
If I promise not to listen would you talk to me please?
Smile
I said smile
(S.M.I.L.E)
In Street Fighter 2 that would be your special move
Against Guile
Is everything still there?
Remember how we would drop anything, go
everywhere?
"Yah, Yi, Sam, Sei" (NB. This is cantonese for 1,2,3,4)
I spent my life on the motorway
Hold on
Life jacket
Water wings
(Life jacket)
If I promise not to listen would you talk to me please?
Hold on
Life jacket
Water wings
(Life jacket)
If I promise not to listen would you talk to me please?
