Choke!

Look around, I have no name  
Broken and bleeding, gone insane  
Why do I hate, spit and complain?  
My reason is clear, I see you near

Somebody asking for another hole in his head  
Somebody asking for another hole in his head  
Somebody asking for another hole in his head!

So clear  
I hate  
Your face  
Amen

Choke!  
Choke!

You go around, a smile on your face  
You act like you've won, can't control this outrage  
What's so wrong, ringing in my head  
You feel so good, seeing I have bled

Somebody asking for another hole in his head  
Somebody asking for another hole in his head  
Somebody asking for another hole in his head!

So clear  
I hate  
Your face  
Amen

Been burning too long  
Been burning too long  
Been burning too long  
Been burning too long  
Been burning too long!  
Been burning too long!  
You fucking choke!...

So clear

I hate  
Your face  
Amen!
