Go away
Get down

jamir:
Sold my soul away
You can even trade this way
Grab a 45 and start a judgement day, ok
Another propaganda
Do the black drama
I wonder the days getting sweeter

miguel:
But it's all I've got you
I'm coming off through
You don't have to tell me when I'm gonna make my
move
All the people strike while I make my way
Consider my life, I do bullshit every single day

Break me, come on break me

I'll see you on my way
While I try to sell my soul
I'll try to be okay
While I try to take control

jamir:
Back from track to suck my load
Keep this up, all the shit and the crumb that
you never heard
I don't make partition
To amass humanization
Tension has arrived
For the anti adhesion

miguel:
Even though I'm packaging
I'm so, gonna make you fall down
Got to take control
Killing my identity
Cause that's what I wanna see
You're my all time enemy
Feel the loco, insanity

Go away
