Not even one thing
Makes me anticipate the sight of you
Stepping on people is an art for you
It takes me away

Each day
Revel in your ability to shine
The only fucking kingdom is inside your mind
It takes me away
So you burn

You won't ever escape my stare
Piercing you like
A million needles
Why don't you stay for a while
Why don't you stay for a while

It means everything
You embrace the gold that you amassed
Little did you know it was only glass
It shatters then brings pain
I let myself be amused by
The look I found in your eyes
It takes me away
Then you burn

You won't ever escape my stare
Piercing you like
A million needles
Why don't you stay for a while
Why don't you stay for a while

You won't ever escape my stare
Piercing you like
A million needles
Why don't you stay for a while
Why don't you stay for a while

Not even one thing
Makes me anticipate the sight of you
Stepping on people is an art for you
It takes me away...
