Will I forever see you
Only in dreams
Should I close my eyes just to see
You're beautiful
And I can't wait to sleep

We're strangers and I've never lived
So deep inside my mind
I'll be a fool for you
I'll be such a fool for you

With every breath, I wish for you
For you to wake that's all I hold onto
Maybe someday
So I close my eyes and pray

I dream of her
Full of life
I guess the meds have been doing her right
She's so beautiful
And I can't wait to sleep

But maybe I have something
That something
To finally make it go away
But who am I to say?
Who am I to stay?

With every breath, I wish for you
For you to wake that's all I hold onto
Maybe someday
So I close my eyes and pray

With every breath, I wish for you
For you to wake that's all I hold onto
Maybe someday
So I close my eyes and pray

I remember turning my head
I remember the angel of year's end
