What have I done that I can't take back?
What have I become since I got off track?
Chasing this lie
There's nothing in the end
Hard as I try
I'm living in pretend
And the world does not revolve around me
Got to swim to keep from drowning
But you're the only thing that keeps me
Keeps me hanging on

Get me out of this place
Out of this space that I've been living in
(Carry me)
From all the mistakes
You won't have to face what I've been through
(Carry me)
Get me out of this place
Out of this space that I've been living in
(Carry me)
From all the mistakes
You won't have to face what I've been through
(Carry me)
I'm with you, I'm with you

What can I give is it the shirt from my skin?
What can I say to keep you from where I've been?
I'll do anything to take the pain away
I'll do anything to make it right again
(Carry me)

Get me out of this place
Out of this space that I've been living in
(Carry me)
From all the mistakes
You won't have to face what I've been through
Get me out of this place
Out of this space that I've been living in
(Carry me)
From all the mistakes
You won't have to face what I've been through

'Cause I'm with you

(Carry me)

To get me out of here

(Carry me)

To get us out of here

Get me out of this place

Out of this space that I've been living in

(Carry me)

From all the mistakes

You won't have to face what I've been through

Get me out of this place

Out of this space that I've been living in

(Carry me)

From all the mistakes

You won't have to face what I've been through

(Carry me)

So I can carry you, carry you

Out of this place

Out of this space that I've been living in

(Carry me)

From all the mistakes

We're out of this place, out of this space

I am with you

'Cause I am with you

I am with you
