Give me one night and I'll make you feel good
Pick me up just like I knew you would
Dance, dance crawling on the floor again
A late night, that's when I begin.

You know you're mine
You've got me entwined

Again with me,
Again it can be,
Natural you're beautiful
Never the same.
Downtown watch you watching me
In the front of the line is where you want to be
Arms up and screaming at the top of your lungs
I don't care as long as you give me some!

We don't care if we don't fit in,
No apologies gonna do it again, with me

Hey, Hey, Hey, Hey
(Overjoyed)
