### "Lost My Car"

Visit "[Lost My Car](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Drive around if you wanna  
Hear the sound of a broken heart, heart, heart  
'Cause I hit so fast just another  
Way to ask if you're coming back, back, back  
I turn the corner but you never let it go

Lost my car like I lost my heart  
You can't go far with the feelings I have for you, for you  
Life imitates art like a shooting star  
Gotta find my car and then I might find you, find you

Back in town for another night  
Who's down?  
Do you wanna find  
Something you can never hope?  
It will now last forever  
Hit so hard that I wanna drive too far  
To the place I should have stayed  
I kept moving but you wouldn't let me go

Lost my car like I lost my heart  
You can't go far with the feelings I have for you, for you  
Life imitates art like a shooting star  
Gotta find my car and then I can, I can  
Lost my car like I lost my heart, lost my car...  
They both might be with you, with you

Lost my car like I lost my heart  
You can't go far with the feelings I have for you, for you  
Life imitates art like a shooting star  
Gotta find my car they both might be with you, with you  
Lost my car, lost my heart, lost my car...
