I can't sleep
And I'm so tired of the race
And I don't know
Know the colors of my face anymore
'Cause I've beat it to the ground
What's in store?
'Cause I know you're all around
I've had enough
But you just keep coming around
It's all been done
And I can't live underground
All the things I thought I knew
They all come crashing down on you
I hope it's not too late

I'm on the way, I'm on the way
And I just don't know what to say
You made confession
You learned your lesson
And I go ooh, ooh

I can't sleep
And I'm so tired of the race
And I don't know
Know the colors of my face
But when you're gone
I just miss the things you do
I'm not that strong
But I've tried it all for you
Until you come and rescue me
From all the things I shouldn't be
Just before I go

I'm on the way, I'm on the way
And I just don't know what to say
You made confession
You learned your lesson
And I go ooh, ooh

I'm on my way to you

I'm on the way, I'm on the way
And I just don't know what to say
You made confession
You learned your lesson
And I go ooh, ooh
