"Reach"

And if you think that i lay down for you.
Then guess again 'cause you'd be wrong.
Too many times I've lived and died for you.
And I'll be back, it won't be long.

And reach, this is out of reach.
It is if you think so, it is if you think so.

And when you try to look around for them, they'll leave
you dead where you withstand.
Oh no.
And if you wanna wait around for them.
Then, you can get some help my friend.

And reach, this is out of reach.
It is if you think so, it is if you run hard enough.
Cause it can keep you down enough, and it may bleed
you're soul.
It will if you think so, it will if you run hard enough.
Cause it can keep you down enough, it may bleed your
soul.
It will if you think so, it will if you think so.

instrumental break

It is if you run hard enough, cause it can keep you
down enough.
It may bleed you're soul.
So reach (for me)
reach (for me)
reach (for me)
reach (for me!)
