All this time I've waited patiently
To find the other side of me
So far it hasn't come to be, yeah
Wasted nights where do they all come from?
I can't fight
Seems I'm the only one
In this world who doesn't have a clue, yeah

Yeah, I wanted you to stay
I needed you to stay
I'm only half what I could be
No, did you really have to go?
Or did you even know that
All this time you, you were mine
The other side of me

How am I supposed to pretend
All of these lies come from the deep end
Killing my mind but I will not back down, yeah
Try to deny but you kept leavin'
High & dry can you hear me scream?

Yeah, I wanted you to stay
I needed you to stay
I'm only half what I could be
No, did you really have to go?
Or did you even know that
All this time you, you were mine
The other side of me

All this time I've waited patiently
To find the other side of me

I wanted you to stay
I needed you to stay
I'm only half what I could be
No, did you really have to go?
Or did you even know that
All this time you, you were mine
The other side of me
