

Ligion **"Undone"**

It cuts you deep this time
Your eyes are blood
In the dark you drink your wine
Thinking of what have should
Could you make a deny, a reply
'Cause it's already been done.

I don't want it, I don't believe it
How this all came...

Undone - I was wrong

You didn't want it, you sure believed it
How this all came

Undone

Sometimes I don't think before I speak
Sometimes I don't say the things I think, I just think

Fixing myself is a long way away

Always make the same mistakes
Wanting to find another way
Unfinished broke and left undone
In the dark we drink for blood

Undone- I was wrong
